TRANSITION CARE QI PROJECT

- Get excited! We've got a lot to do and setting realistic goals is key
- We have outstanding existing resources both locally (LUMC), regionally (ICAAP), and nationally (Got Transition) to guide our project
- Identified barriers: time constraints, Epic build time, State of Illinois
- Suggested metrics: hospitalizations, prescription fill rate, no-show rate, phone survey, qualitative survey, adult specialty provider visit compliance, template use
- Coalition: Social Work (Janice Papp), Dr. Keen, The Insurance Office, Laura Belling (Epic), Dr. J. O'Keefe, Mary Ellen, Dr. Veselik, Dr. Suh, Dr. Veselik, Dr. Shahid, Dr. Stirling

Resident clinic groups by task(s)

1. Creating a transition care policy and devising a transition schedule
2. Completing applications for the patient registry and transition readiness checklist builds
3. Seeking grant opportunities regarding transition of adolescent and young adult patients
4. Creating the portable and printable medical summary
5. Tailoring educational packets to our patients and families, including insurance information

Next meeting – Thursday, August, 17, in Maguire 3340

- All monthly meetings will include time for Transition Care QI updates
