1ST POST-OP VISIT NASAL PACKING REMOVAL

If you are not given a post-op clinic appointment on the day of your surgery, please call Flo Jaworski, R.N., at (708) 216-9183.

Also, please be sure to eat breakfast or lunch prior to your visit (which ever is appropriate). This should include a beverage as well as solid foods. We also encourage you to take your pain medication 1 ½ hours before that visit. You must have a driver for your first post-op visit.

REMINDER: Do not consume any alcohol, drive a car or operate any machinery while on pain medication.
