

OB/GYN Clerkship Student To-Do List

Evaluations:

- You are responsible for giving the evaluation form to the attending at the end of each block assignment.
- Schedule time with attending at the end of your rotation to discuss evaluation. You should have an evaluation completed and signed by the faculty you work with at the end of each block where you rotated through. i.e. one evaluation for MFM, one for L&D, one for ONC, etc.
- Turn in your completed & signed evaluation forms to clerkship coordinator, Ana Juarez, SSOM - 320

Patient Logs – (On MyLumen):

- Yellow cards can be used to track daily tallies, but you must log patients online at least weekly. That will ensure us that you're having adequate exposure to patients.
- Attending or resident you have been working with must sign off on a printout of your patients after each rotation block (MFM, L&D,ONC, GYN, etc.) These must be handed in twice during your clerkship; at your mid-rotation meeting with Dr. Graziano and again at your final exam.
- If you do not log patients in by 2 weeks after the end of the clerkship or turn in your signed printouts, your Professionalism Competency will be marked “with concern”

Competency Yellow Cards:

- Pap Smear/FHT card must be signed and turned in at the exam.
